

electrical wholesaler

2022 Media Information

Introduction

Electrical Wholesaler is the only monthly electrical trade title that is exclusively dedicated to the wholesale and bulk-buying sector of the electrical market. Providing a service to the installation sector, electrical wholesalers are an essential source point for electrical contractors and are therefore the focus for new products and the conduit for regulation, product revision and company launches.

As the only journal covering the electrical bulk-buying and wholesaler market estimated to be worth £3000 million, **EW** is the ideal medium for manufacturers and importers who want to influence bulk purchasing decisions within wholesalers, large scale engineering and construction projects.

The editorial focus of **EW** is a practical mix of features, news, articles and product information. Always lively, the title reaches the whole industry from branch level right up to head offices.

EW has stood the test of time as the industry's leading information tool for over 50 years.

Quarter page (portrait)	135 x 94		

Technical Specification

PREFERRED FILES:

Adobe Acrobat PDF Version 1.3

- Adobe Acrobat Distiller 5.x is the required software for creating pass4press version 2 compliant PDF files. (PDF files created with other software, such as Agfa Apogee, must conform to the pass4press specifications and include page geometry information)
- Files must be PDF version 1.3 or later
- All files to be supplied as composite CMYK (if a spot colour is required please contact the publisher)
- Where necessary a bleed area of 3mm must be contained within the file
- Files must contain crop marks
- All images contained within the PDF must be high resolution (300dpi recommended) CMYK format
- All fonts must be embedded
- Files should not contain TrueType or MultipleMaster fonts, because they can perform unpredictably at press
- Any trapping requirements should be applied by the file creator. No trapping will be applied by the printer
- Combined colour ink density must not exceed 300%
- Files must be submitted as single pages

or QuarkXPress, Adobe Illustrator, Adobe Photoshop Images

All images in the file must be high resolution (300 dpi)
Colour images must be saved in CMYK mode as TIFF or EPS format. Do not use RGB images

Try not to use JPEG images. Convert them to EPS or TIFF format

If you have to send JPEG images you must inform us

Any images with clipping paths must be saved as EPS or TIFF format, otherwise the cutout might not work

Do not embed files within files

H Because of issues with PDFs produced directly in InDesign and Adobe Illustrator, the PDF must be flattened in the program it was produced in to avoid layer and transparency problems, or we suggest these formats are made and supplied as Tiff or EPS files. Otherwise we do not accept any responsibility for errors occurring in the final print run. H

Typefaces

Use only Postscript type 1 or 3 (NOT TrueType). Where possible fonts should be converted to outlines or embedded in the file

Submitting material

Preferred method

By Post on CD with colour proof to
Design & Media Solutions, Tovil Hill, Maidstone, Kent
ME15 6QS
By E-Mail - phone 01622 681366 for account handler's email address

or by FTP - phone 01622 681366 for details

File naming procedure

Publication Name + Month of Publication + Advertiser Name
